

# Endo Fundraiser

## Endometriosis Awareness Month MARCH 2022

Endometriosis New Zealand provides critical support to women, girls, and those assigned female at birth who are living with endometriosis nationally.

This debilitating disease which affects more than 130,000 is life-changing for sufferers and for their families, chronic symptoms taking an average of 8 years to receive a diagnosis and resulting in a third of women experiencing fertility problems.

Today we are reaching out to you and other like-minded community-focused individuals to ask you to get involved and support us by hosting your own High Tea during the Endometriosis Awareness Month.

Endometriosis Awareness Month takes place across the globe in March with a mission to raise the profile of a disease that affects an estimated 200 million worldwide.

Your participation will enable Endometriosis New Zealand to continue to provide essential help to the thousands of people living with this common inflammatory disease and ensure our organisation can keep engaging with stakeholders across all sectors to improve health outcomes.

## Host a high tea

Simply extend an invitation to whānau, friends, and colleagues to join for a cozy cuppa or even a high-class garden tea party filled with yummy treats during our Awareness Month.

Theming ideas are only limited by your imagination!

Ask your guests to bring a koha for Endometriosis New Zealand or set up your own event fundraising page (we can help you with this!).

We suggest donations between \$10-\$75pp.

### Interested in hosting?

Register your High Tea at [info@nzendo.org.nz](mailto:info@nzendo.org.nz) and we will provide you with a 'High Tea Kit' that includes invites, giveaways and fundraising ideas to help you get started.

Thank you for considering getting involved in our 2022 Awareness Month and for wanting to help us make a difference to those affected by endometriosis.

We can't wait to hear from you!

*An easy and delicious way to get involved*
